A modern walk-in shower with glass doors and chrome fixtures. The shower features a built-in bench, a large rain showerhead, a handheld showerhead, and a wall-mounted faucet. The walls are covered in large, light-colored tiles, and the floor is made of light-colored stone tiles. The shower is set against a wall of large, light-colored tiles. The glass doors have a black frame and a silver handle. The showerhead is a large, square, chrome rain showerhead. The handheld showerhead is a smaller, rectangular, chrome showerhead. The wall-mounted faucet is a chrome, single-lever faucet. The built-in bench is a long, rectangular, light-colored stone bench. The floor is made of light-colored stone tiles. The shower is set against a wall of large, light-colored tiles. The glass doors have a black frame and a silver handle. The showerhead is a large, square, chrome rain showerhead. The handheld showerhead is a smaller, rectangular, chrome showerhead. The wall-mounted faucet is a chrome, single-lever faucet. The built-in bench is a long, rectangular, light-colored stone bench. The floor is made of light-colored stone tiles.
